BaliHouse STONE

Marble Mosaic

Parquet Mosaic 1.7 cm Interlock Onyx. Order code: PAM7I-03A. The onyx is a white color onyx with small pattern of yellow color as shown in the pic. The onyxstone is not molen but instead the edges are made smooth with use of sandpaper. Molen works good on marble material but destroys onyx material.

Parquet Mosaic 1.7 cm Interlock Onyx. Order code: PAM7I-03A(Y). The onyx is a white color onyx with pattern of yellow color as shown in the pic. The onyxstone is not molen but instead the edges are made smooth with use of sandpaper. Molen works good on marble material but destroys onyx material.

Parquet Mosaic 1.7 cm Interlock – The photo shows four tiles put together to show that the interlock system does not show any joints, compared with the square tile. The tiles on the photo are without cement between the stones.

Parquet Mosaic 1.7 cm Interlock Grey Marble – The photo shows how parquet mosaic can be combined together with tiles in bathroom or

Parquet Mosaic 1.7 cm Interlock Grey Marble – Sample as wall tiles in bathroom.
